Chair Corner

I would like to take this opportunity to thank the PA Compact's delegates, alternates, ex-officio members and staff. During the first year of the Compact's existence, they have dedicated untold hours to creating the foundation for a successful compact. Those efforts include:

- Preparing and approving two budgets;
- Creating streamlined messaging and communication with members, the profession and the public;
- Researching data systems and publishing a Request for Proposal (RFP) for a compact system; and
- Preparing draft rules for public comment.

Each of these projects will help determine the success of the Compact as it moves forward, and I am grateful to work with individuals who share a common goal. However, we cannot do it alone. We need your help.

What can you do?

First and foremost, when the draft rules are published for comment, review them and submit comments. The rules are the blueprint for how the Compact will run. If you have any questions or concerns, now is the time to voice them.

Second, stay informed. Anyone is welcome to attend and listen to both full commission and committee meetings. All meetings are listed on the website, and if you are curious about something, you are welcome to join. In between meetings, the website www.pacompact.org is the place to find all the official information available.

Thank you again to everyone who is working to make this project a success.

– Tim Terranova, Compact Commission Chair

FAQ Highlight

Will PAs need to complete continuing medical education (CME) requirements in each state they hold a compact privilege?

PAs are required to meet the CME requirements of the state in which they hold a qualifying license. PAs must also maintain current NCCPA certification, which requires CME. They will not need to complete additional CME credits for states where they hold compact privileges. Other Member State requirements may apply in accordance with [Section 4](#) of the PA Compact.
